Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

The reply filed on October 10, 2003 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicants' response has failed to completely address the rejection set forth within paragraph 3 of the Office action as it pertains to independent claim 4. Applicants' response pertains only to claim 1. There is no requirement that the adhesive of claim 4 is a polyurethane adhesive; while claim 4 specifies that an isocyanate and a polyol are present, the presence of these components do not mandate that the adhesive is a polyurethane. For example, isocyanate and polyol are reactants in the manufacture of polyisocyanurates. Furthermore, since isocyanate, without more, is met by a monoisocyanate, there is no clear requirement that the isocyanate of claim 4 contributes to the formation of a polymer. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**

Any inquiry concerning this communication should be directed to Rabon Sergent at telephone number (571) 272-1079.
